Business High Class of '24 Holds Reunion Dinner

The old Business High School class of '24 met last night for the first time since its graduation and renewed acquaintances.

Nearly 30 of a class of 96 graduates and their wives presented a handbag to the third assistant principal, Miss May P. Bradshaw, who recently retired as principal of Roosevelt High School. Allan Davis, principal of Business High School when the class of 1924 graduated, was a guest.

Members of the reunion held in Burt's Trans-Lux Restaurant, 732 Fourteenth street, N.W., were greeted by class president, Maxwell H. Stokes.

SALE --- 3 DAYS ONLY ATTIC FANS

Hungarians Declare Yugoslav Trade Pact No Longer in Effect

BUDAPEST, Hungary, June 18.—The Government declared today Hungary no longer considers her trade pact with Yugoslavia in effect.

A note was sent to Marshal Tito's government, which said "the Hungarian government cannot tolerate that Yugoslavia should continually violate the agreement and thus hinder the economic progress of this country."

(This is the latest shot fired by the Cominform in its feud with Yugoslavia. Hungary has a pro-Cominform government, loyal to Russian Communism. Yugoslavia's independent Communist government is about to sign an important five-year trade treaty with Britain and more and more is doing business with the West.)

The note, made public here in a communiqué, said the two governments concluded an "agreement of economic co-operation" on July 24, 1947, to continue for five years.

Failure To Deliver Charged.

It said "the preconditions of the economic agreement signed in 1947 ceased to exist as Yugoslavia left the road of Socialism."

The note stated that Yugoslavia had requested a curtailment of the agreement to the amount of \$120,000,000 by both sides. It added that Yugoslavia did not deliver goods due in 1947 and 1948 according to the agreement, and concluded:

"The attitude of the Yugoslav government proved that Yugoslavia is either not able or not willing to carry out planned economy and her attitude is hostile towards countries on the road to Socialism. They do not want economic contracts with us but with the imperialist powers."

Switzerland's 25 makers of corsets, brassieres and girdles can't meet Swiss needs.

Video Freak Lets Ontario Man See Show in Texas

LONDON, Ontario, June 18.—A freak in television reception brought broadcast from Houston, Tex., into a London home last night.

Ordinarily 75 miles is considered the maximum range for television broadcasting. Houston is approximately 1,400 miles from London.

The Texas broadcast started at 11 p.m. when a Detroit station signed off. In its place, on the receiver of R. V. Holley, appeared a program televised from station KLEE, Houston.

Mr. Holley said he watched the broadcast until 1 a.m., when the station signed off.

The main attraction on the two-hour program was a wrestling match between a man and a muzzled black bear held on a leash, Mr. Holley said. The bear won.

Stowaway, in Alexandria Jail, Loses Time He Saved on Plane

It looks like a case of "hurry up and wait" for a stowaway who flew nonstop from Miami to Washington early yesterday in a few hours.

James Le Roy Holiday, 30, an unemployed Merchant Marine radioman, figured it would take more than two days to beat his way to New York by train, he said, so he chose Eastern Air Lines.

Having only 70 cents in his pockets, he locked himself inside a washroom on a four-engine airliner and obligingly opened the door after the ship was airborne when a paying passenger tried to enter, the young man said.

Holiday, whose home is in La Salle, Ill., had hoped to go on to New York and put to sea again; but was arrested at National Airport early yesterday and sent to jail in Alexandria after an FBI agent charged him with being a stowaway.

He admitted having secreted himself aboard the airliner when arranged before United States Commissioner Stanley King in

tape by having his case placed before another grand jury.

The Federal grand jury in Alexandria is not scheduled to meet again until December.

Paraguay, with a big corn crop, is storing in underground silos for the first time.
